X \_\_\_\_\_  
APPLICANT'S SIGNATURE IN INK

\_\_\_\_\_  
DATE

### GENERAL INFORMATION REGARDING A SPECIAL ORGANIZATION REGISTRATION PLATE

- Fee required with this application is \$20.00. Payment is to be made by check or money order payable to RTR-PCA  
DO NOT SEND CASH
- No special organization registration plate will be duplicated. If your plate is lost, stolen or defaced, we will reissue you the next available plate in our series for \$7.50. To apply for replacement, complete Form MV-44 and submit the required fee.
- Requests for special organization registration plates are restricted to passenger vehicles, trucks and motorhomes with a registered gross weight of not more than 9,000 lbs. Motorcycles and trailers do not qualify for special organization registration plates.
- NO REFUND OF FEE will be issued when applicant cancels request after order is placed.
- This application, completed in full, along with a check or money order should be mailed to: PORSCHE CLUB OF AMERICA, C/O T.F. ZAFFARANO, 848 KING ROAD, MALVERN, PA 19355
- When the applicant ceases to be a member in the organization or ceases to be a notary public as listed in Section B, the registration plate must be returned to the Department. Complete Form MV-44 and submit a fee of \$7.50 for reissue of a regular series registration plate.
- All telephone numbers will be held in confidence and used only in the event of a problem with your application.
- Special organization plates are in number sequence only and may not be personalized.
- To avoid possible problems with citations with your old registration plate, return it to: Department of Transportation, Bureau of Motor Vehicles, Return Tag Unit, P.O. Box 68597, Harrisburg, PA 17106-8597 after you have received your special organization plate.

### SPECIAL INSTRUCTIONS - SECTION C

AUGUST, 2002

## LICENSE PLATE UPDATE

Only 80 Plate Applications are needed to complete our first order. Hurry or be left out of the charter subscription....

**Sooner is Better! Now is Best!**

PCA PA LICENSE PLATE APPLICATIONS WILL BE AVAILABLE AT THE AUGUST MEMBERSHIP MEETING - to fill out an application at the meeting bring your owners card(s), PCA membership card if you can find it, and \$20 check or cash.

Please pass this update and the word we still need members to send in their applications...over 600 applications have been distributed.

Applications received to date by region:

- 182 Riesentöter
- 18 Allegheny
- 8 Central
- 4 Keystone
- 4 Pocono
- 1 NNJ
- 217 total
- 300 needed....

Applications are available at the following locations but hurry:

- **Brandywine Porsche**, 4005 West Chester Pike, Newtown Square, PA
- **Don Rosen Porsche**, 1312 Ridge pike, Conshohocken, PA
- **Dougherty Automotive**, 720 E. Nields St., West Chester, PA
- **Holbert's Porsche**, 1607 Easton Rd., Warrington, PA
- **Mike Tillson Motor Car Service**, 2097 N 63rd St., Philadelphia, PA
- **Performance Automotive**, 3229 Phoenixville Pike, Malvern, Pa
- **Vision Porsche, Audi, Volkswagen**, 1211 Lancaster Ave., Reading, PA
- **Knopf Automotive**, 3401 Lehigh Street, Allentown, PA 18103

### PCA-PA License Plate Application Instructions Program Hi-Lights

- Applicant must be current PCA member (any region)
- One time \$20 fee per plate. OK for passenger cars, trucks, and motorhomes up to 9000 Gross weight
- Issued in number sequence only and can not be personalized
- Initial Club order is a minimum of 300 applications
- All applications will be held until minimum order is reached
- See actual application for specific requirements and information

At this time all applications must be submitted on PINK application forms. Forms will be available at Monthly Meetings, Club Activities, & US mail. To request copy(s) Email or send your name and address to:

Tom Zaffarano

## OCTOBER

- 12 Country Caravan III - (see below)
- 26 - 27 Zone 2 Hi-Performance Driving Clinic (see pg12)
- 30 Membership Meeting - Elections - TBA

See RTR Driver Ed Application on page 11 and [www.rtr-pca.org](http://www.rtr-pca.org) for the latest updates.

### RTR Picnic & Fun Rally

The Date: September 8th.  
 The Start: Brandywine Porsche, a light breakfast provided.  
 The Time: Arrival between 9 & 10 AM to pick up directions.

The first car will go out at 10:30, then at 1 minute intervals. The rally is approximately 2 hours and 85 miles. The rally course is on some very scenic and curving country roads. It will be tempting to drive fast but there is no prize for fast time. Prizes will be awarded based on answers to trivia questions included in your rally directions. You may also be asked to identify a few landmarks.

We will end up at a horse farm in Chester County where we will picnic (under tent in case of bad weather) and where the awards will be given out.

The cost is \$50.00 per car (please let us know if there will be more than 2 per car for a head count for food). Please send check to Susan Tatios at Mike Tillson Motorcars 2097 North 63rd St. Philadelphia PA 19151. Make check payable to RTR-PCA. Pre-registration is a must and should be received by September 1st. We will also have some games. Bring your own if you want.

### Country Caravan III

October 12, 2002

Once again we'll take a scenic, meandering road trip through the colorful fall countryside ending for dinner at the Bowers Hotel. The trip will be limited to fifteen Porsches and will depart the Allentown area at 10:00 am. For further information and registration please contact: Ken Souser, 5696 Merion Lane, Macungie, Pennsylvania 18062, Home: 610-966-4391, Cell: 610-533-6123, E-mail: KenSouser@AOL.com

Despite the heat **A G A I N** we had a great turnout to see Mike Tillson and his team at Mike Tillson Motor Car Service. The slide show on this year's Mille Miglia Vintage Rally was memorable with pictures of cars, people, and

places many of us will never see in person. Thank you Mike and Sue for your continued support to the club and thank you club members for braving the heat.

**August means: RACE CARS AT ROSEN'S - Don Rosen Porsche, 1312 Ridge pike, Conshohocken, PA (610) 279-4100. [www.donrosenporsche.com](http://www.donrosenporsche.com)**

**This year, besides the gathering of the club racers and race cars, we will have a special presentation on the 2002 CAN-NONBALL ONE LAP OF AMERICA [www.onelapofamerica.com](http://www.onelapofamerica.com). Our Dave Coughlin participated in this grand event and has pictures, stories and advice for anyone thinking of in participating in the future.**

Nick Yetto Senior Producer of *Car and Driver.com* had this to say about the 2002 One Lap of America:

"I went into this event with the wrong idea, thinking it was all about going fast. I think that's what most people think. In truth,

it's more about endurance and guts. It's extremely exhausting. It's not always fun. But if it weren't challenging, participants wouldn't have the same sense of accomplishment at the final event. 5140 miles in 8 days. Racing challenges at 8 different tracks, covering 22 states in 3 time zones with about 30 hours of sleep...."

The meeting will be held Wednesday, August 28, with Social at 7:30 PM, Membership Meeting at 8:00 PM. Members wishing to display their 'racecar' or vintage Porsche should arrive early as display space is limited.

September's meeting will be held on Wednesday the 25th at the NEW location of Vision Porsche Audi Volkswagen, Route 183, Leesport, PA. [www.visionautogroup.com](http://www.visionautogroup.com)

Goody Store Update: New Enameled RTR Logo Pins And A Fresh Supply Of RTR Polo Shirts.

*Tom Zaffarano, VP*

A wag has said, "There are no such thing as a stupid question, only stupid people." Hard to believe, but at certain times I'm afraid he could be talking about me.

Last month I asked the question: what have we been doing for local charities lately? A reasonable question it seemed. Probably borne out of a liberal's sense of responsibility and remnants of some old guilt from a religious upbringing. I should pay more attention at the Exec meetings that I actually attend because at last month's meeting I was reminded that, in fact, we had raised or directly given about \$8500 to local charities in the past 12 months. Not to be too self-satisfied but I think that's pretty good. We can always do more but it was reassuring to know that we are giving that much back to the community. I think Craig is going to talk some more about this in his column next month. What I didn't hear was an outpouring of response from the members but I guess that's why you elect us.

Speaking of Craig, he's a little under the weather this month therefore, no column. It's been a strange month. Everything is running late. I've not been totally well myself. I never made it to the Glen as both the 914 and the 911 weren't running. It's hot as the dickens. What is going on? The French have it right - just take August off!

What we have this month is also a little odd. How about that cover? This may have

been another subtlety that I failed to process but the club needed to commit to ordering 300 plates from the state to get this whole license thing off the ground months (years?) ago. Tom's done a great job and we are 217 down with only 83 to go! Let's mail in those applications today.

On to this month - Most important: the Picnic & Fun Rally (not that they aren't all fun) on September 8th, see page 2 along with Ken Souser's great ramble invitation for The Country Caravan III. The Tech-Session-at-Holbert's announcement is on page 5. Some celebrity pictures on 4 along with word of a car show and swap meet from our sister region across the Delaware. John Floyd's double barrel account of action at The Glen is on pages 8 & 9. (He's becoming the James Joyce of Riesentöter, isn't he?) A lot of information on the Zone 2 Hi Performance Car Clinic on pages 12 and 13. Don't miss the great ads this month on 14 and look at all those pictures. The membership column is back and on page 6 with the Buckingham Concours info. And finally, as promised last month for all you literary types, also on page 6 is the Franz Kafka Library announcement. I will say no more about it here, not wanting to ruin the suspense. Stay cool. *Jim McHenry,*

## Tech Session at Holbert's

Date: September 14, 2002  
Place: Holbert's Porsche  
1607 Easton Rd  
Warrington, PA 18976  
(215) 343-1600  
Time: 9am - 2pm  
Directions: Holbert's Porsche is located on Rt 611, about 2.5 miles south of downtown Doylestown, just south of the intersection of Almshouse and Rt 611

Holbert's will be sponsoring our Track Tech Session on September 14. Two lifts will be reserved for track event tech only - no repairs or maintenance. The remaining lifts will be available on a first come - first served basis for repair and maintenance. A modest fee (\$5) is collected for use of the lift. Coffee and doughnuts/bagels/muffins will be available in the morning and we will order pizza for lunch. Bring the tools and parts you need for your work (don't use the shop's tools or equipment without talking to the mechanic first). Holbert's mechanics will be on hand in if you need some advise.

These tech sessions are scheduled to coincide with a track event but by no means are they limited to track participants. Anyone in the Club can bring their Porsche for maintenance or minor repairs. Just limit yourself to repairs that you can complete within the scheduled time. The shop will have their mechanics on hand to answer any questions and there are usually plenty of club people around with lots of experience. It is a great time to meet other people in the club. You can even drop by just to see what is going on and learn from watching other people. You can call or email me if you have any questions. See you there!

## Membership News

by Brian Minkin, Membership Chair

I want to thank Randy Jameson for the fine job he performed as membership chairmen. Randy has undergone back surgery and this has made it impossible for him to carry out this role. We all wish him a speedy and complete recovery. I have taken on the job for the balance of the year. I would like to welcome all the new and transfer members who joined Riesentöter in June and July of 2002. I encourage you to enjoy the benefits of membership and look forward to seeing you at an event. The region has 1283 active members.

## Porsche Donates Kafka's Library To The Franz Kafka Society in Prague

from PCNA

Stuttgart/Prague. Dr. Ing. h.c. F. Porsche AG, Stuttgart, officially handed over the fully restored Franz Kafka library to the "Prague Franz Kafka Society" during a press conference held in the Czech capital. On this occasion, the first edition of Kafka's first published work, "Betrachtung" (Meditation) from 1913, which was still missing from the collection, was presented in person to complete the gift from the sports car manufacturer.

After a tour through "Kafka's Prague", the author, one of the most important German-speaking literary figures of the 20th century, will be honored with an evening reading in German and Czech at the German embassy in Prague. The actor Martin Schwab, an ensemble member from the Vienna Burgtheater, will read aloud from selected passages of Franz Kafka's works in German. The Prague poet Tomas Kafka - who is also president of the Czech-German Future Fund in Prague and incidentally shares his last name with the great writer - will be the Czech voice for Kafka's writings.

Porsche AG had already symbolically handed over the Kafka Library to the Franz Kafka Society at the end of November at the Berlin Academy of Arts. This special literary treasure was assembled by Stuttgart antiquarian Herbert Blank. As in Berlin, he shared the stage with Dr. Antje Vollmer, Vice President of the German Bundestag, who is actively involved in strengthening the ties between Germany and the Czech Republic; Prof. Dr. Kurt Krolop, president of the "Prague Franz Kafka Society"; Prof. Dr. Klaus Wagenbach, a publisher and Kafka biographer, Berlin; Dr. h.c. Friedrich Pfdfflin, former director of the museum department at the German Literature Archive in Marbach am Neckar; Horst Brandstdtter, an author, antiquarian and gallery owner in Vhningen am Bodensee; and Anton Hunger, head of the Press and Public Relations department of Porsche AG, Stuttgart.

## Buckingham Concours 'Elegance

The fourth annual Buckingham Concours 'Elegance will be held at Holicong Park, Rts. 263 and 202 in Buckingham, Pa. on Sunday, September 15.

Last year's show attracted over 300 cars of a very high quality. Both Porsche and Riesentöter where well represented with Don Schaub's 1970 911T Targa taking the prize for First in Class. A buffet dinner will be held the night before the show and, as usual a full breakfast will be served to all registered car owners and a guest.

Since pre-registration is required, I will have applications available at the monthly meetings, or you may contact me at 215-752-1582 or at kellett123@aol.com. Looking forward to a large Porsche turnout. Ron Kellett

# Watkins Glen Drivers Ed 2002

## Track

Text by John D. Floyd

Photos by www.trakcam.com

Regardless of your interest in RTR's Driver Education (DE) program, if you've never been to Watkins Glen

it's well worth the trip. It's a 4½ hour drive from Philadelphia and becomes quite scenic north of tunnel on the Northeast extension of the PA Turnpike. Onto Rt. 81 N into Binghamton, then west on Rt. 17, where at one point there is a mountain adjacent to the highway. From a distance one sees a sheer wall of greenery but as you drive alongside and look closely, the trees can be seen growing out of the sheer rock face. Following 17 into Horseheads you proceed north on Rt.14 for about 20 minutes into the town of Watkins Glen which is situated on the south end of Lake Seneca, one of the Finger Lakes. This is also wine country with many vineyards in the surrounding areas. The popularity of this DE event was demonstrated by the feeding frenzy that took place at the May membership meeting at Brandywine Porsche. The final count was 162 drivers – 34 in Red, 29 in Black, 29 in White, 35 in Blue, and 35 in Green. It's a comforting thought to know that the two least-experienced driving groups put the greatest number of cars onto one of the most challenging tracks in the country.

I'm beginning to understand why a lot of the participants take for granted the great job our various

Riesentöter DE people do – because they do it so well. Registration involved checking in 162 drivers, inspecting that all helmets met current safety ratings, giving out appropriate colored wristbands for the

respective Red, Black, White, Blue & Green run groups, handing out schedules, all at a rate of approximately one driver every 16 seconds. Chip Grimes and his

Registrados – Bruce & Dawn Reim, Doug Fero, Carol Reynolds, Maureen McVail, & myself processed the horde. Grid Tech was the next stop where Ed Kovalevich and his band of Merry Torquesters conducted the mandatory 11point safety inspection each day before the cars were allowed onto the track. The usual suspects of Myles Diamond, Dave Ehm, John Raidy, Earl Macomber, Ken Neilsen, Chris

Mahalick, Rob Samtmann, Frank Volz, Fred Brubaker, Rick Owens & Mike Delfiner were torquing lugnuts, checking brake lights, throttle snap, and examining that trunks had been emptied and brake fluid reservoirs were full, then affixing the Riesentöter imprimatur to each car window. Next stop was Mike Andrews driver's meeting where the protocols for the weekend

break, a 45 minute classroom session for the Blue students, and then a 28 minute run session for each of the groups. Sunday's schedule was different again – the first 2 sessions were 25 minutes each, and then

were explained (i.e. – where and how the cars were to stage, where to meet one's instructor, how many run sessions and for how long) and then a review of the flags used by the corner workers to signal specific situations that may occur while drivers were on the track. There was a subsequent instructor's meeting, and a

30-minute classroom session for first time drivers at "The Glen". Friday consisted of four 21 minute sessions – 2 in the AM and then a 1 hour lunch break. There was a mandatory 1-hour classroom session for

Green & Blue drivers after lunch with chief instructors Jim Zelinskie and Kurt Faller to discuss the track and then 2 afternoon sessions. Saturday the format changed to 2 run sessions of 28 minutes each in the AM, a mandatory 30 minute classroom session in the morning for the Green & Blue students, a 1 hour lunch

after lunch, the Red & Black run groups were combined for a 30 minute session, the White Group, arguably the most dangerous on the track, ran alone for 30 minutes, and the Blue & Green groups were combined for a 30 minute session.

This 3 day event was very successful – fortunately only 2 “incidents” (DE-speak for accidents), both thankfully rather minor and with no injuries to the drivers.

Considering the very high temperatures all 3 days, and how the heat can affect driver performance, everyone handled the heat well. Saturday evening there was a dinner at the “Glen Club” situated on the

grounds overlooking turn 1 and the series of turns known as the “esses” because of their S shape. Considering that they are feeding the masses, the food is pretty good, and they keep the troughs full. One can go onto the roof of the Glen Club and get a panoramic view of the surrounding area, hillsides dotted with farms, and a view of Lake Seneca. To all who made this delightful 3-day event possible – and my apologies

DE event. Special thanks to my instructor Bruce Brodowski. His knowledge of the SC, the track, and his communications skills are greatly appreciated – I learned a lot.

### In the Marbles...

Of human bondage – this was my first DE using harnesses, and what an interesting experience *that* turned out to be. Just learning the sequence of which harness to tighten first, when to put on your helmet, when to put on your safety collar. Some things I learned the hard way: don't put your helmet & collar on first – unless you have a sense of Braille, you'll never find the right straps to tighten because you can't look down to see; make sure you close your door *before* tightening your belts – it's embarrassing to be all buckled in and unable to reach your door to close it. Put your collar on last, BUT don't let it fall off your dash onto the passenger's side floor because – yep – you can't reach it, and have to unbuckle everything to pick it up, and then start the process all over. Special thanks to Carol Reynolds – it was like she was sending her son

Tyler off to school on a snowy day as she showed me the order of buckles & snaps... and thank you to

set Thursday afternoon at 2 PM – my last stop before departing to the Glen. Ironically, earlier I had ordered a set of harnesses from another company for another DE. My salesperson at the time (who is no longer with the company) sent me the wrong harnesses, and I was SOL for that event – something to be said for doing business locally...What the #@%& was THAT?

Friday afternoon a lightning bolt hit close enough to the track that a few people inside the paddock (including myself) not only instinctively ducked, but thought that someone's engine had blown up. Bizarre, since the sky was relatively clear...speaking of bizarre – Tony Bonnani's “where the rubber meets the road” – TWICE! As Tony was driving his M3 on the track, his right front tire quickly went flat. He inflated it, watched the pressure, which stayed constant, wet it down, no bubbles indicating a leak, so goes out on the track and once again, the tire quickly goes flat. Fortunately after the second incident, the tire held air...Chris Mahalick's cryptic message on his back window – somehow I have the feeling that CIG wasn't an endorsement for tobacco...The Thomas A. Edison Award – to Bill “Drifter” Farrell for his demonstration of the caution lights on the track. And glad to hear that stiffness is gone from his left arm – that he can finally raise it over the roof of his car...The PepperMobile (AKA Cayenne) Wannabe Award – to Frank Volz for attempting offroad conditions in the gravel in his Turbo 944...No Truth to the Rumor – that Jan & Dean's “Little Old Lady From Pasadena” was heard blaring from Katherine Campbell's car as she was tearing through the Blue Group in

*continued on page 16*

to anyone whom I inadvertently missed mentioning, congratulations on a job well-done - it was a great

Dougherty's Automotive – the set of harnesses I ordered did not come in as ordered, so Ryan lent me another

## Zone 2 High Performance Driving Clinic

PCA Zone 2 will conduct a one day High Performance Driving Clinics on the Jefferson Circuit at Summit Point Raceway in Summit Point, West Virginia from 8:00 am to 5:00 pm on Saturday, October 26, 2002 and again on Sunday, October 27, 2002. Summit Point is 90 minutes West of Washington, DC off Virginia Route 7 new Winchester, VA.

The High Performance Driving Clinic is an outstanding opportunity to introduce PCA members, who have not participated actively in track or autocross events, to the techniques of high performance driving. Each one day event is designed to provide practical classroom and driv-

HEAR what High School Driver's education Instructors were forbidden to tell you! AMAZE your friends with your driving knowledge. FEEL your car do things it has never done before. REACT to the unexpected properly. LEARN astounding facts about driving. SPEED legally!

ing experiences and to learn further about PCA driving events.

The syllabus includes reviews of vehicle dynamics, proper seating and hand positioning, hand-eye coordination, vision, smoothness, shuffle steering, heel and toe shifting, trail braking, left foot braking, threshold braking, double clutching, and many more topics suitable as an introduction to high performance driving.

Participants will be divided into three groups of 13 students to rotate through classroom, skid pad driving and driver training exercises. Classroom and car exercises will focus on threshold braking, slalom, vision, turning and braking, proper apexing and lane changes among others. Skip pad exercises will teach a driver to recognize and understand understeer and oversteer. Finally, there will be an option to drive with an instructor in a controlled track environment as a pre-cursor to enrolling in a regular Driver Education event.

All makes and models of cars are

permitted. All cars must have three point seatbelts or approved and properly installed driver harnesses. Trucks, Vans, SUV, etc. will not be permitted to participate. Convertibles can participate in the track and skid pad exercises but must have an approved roll bar to participate in the

**ABSOLUTELY NO EXPERIENCE REQUIRED FOR THIS EVENT.** There will be an abundance of patient instructors to help and guide you through all of the fun. We promise a great fun day filled with camaraderie in a safe environment.

afternoon track sessions. Instructors will be responsible to grid tech each others car. All loose items and exposed equipment such a car phones, radar detectors, etc. must be removed from the car. Cars must pass a technical inspection the day of the event at the Jefferson Circuit prior to participating in the event.

Please note the technical inspection is akin to a normal State Inspection to insure a car is in good working order.

Loose fitting shoes (loafers, sandals, open heel shoes, etc.) will not be permitted. Short pants will be permitted for High Performance Driving Clinic skid pad and track exercises.

No hyperbole to describe the experience that awaits. This grand event will take place in beautiful and romantic Summit Point raceway nestled in the rolling foothills of wild, wooly and wonderful West Virginia.

Short sleeve shirts will be permitted for High Performance Driving Clinic track exercises, skid pad, and track sessions. Please dress comfortably and appropriately for expected weather conditions at the track venue. Helmets are required to participate in the track sessions or "laping". Loaner helmets are available at the event.

Each driver must be at least 18 years of age and possess a valid dri-

ver's license and PCA Membership Card that must be presented at the event.

The number of students is limited to 13 per day. Due to the schedule only one driver per car per day can be accommodated. Continental breakfast, lunch and afternoon

refreshments are provided in the price. Also, the cost includes all training material and loaner driving helmets. The cost of the event is \$160 per student per day and \$0 per day for instructors. In addition, instructors will get instructor only track sessions on the Jefferson Circuit.

Applications and driver registrations will be processed first on the web site followed by hard copy registrations. All notifications will be made electronically except in exceptional circumstances.

1. Email to [leckels@avmgt.com](mailto:leckels@avmgt.com) is preferred for all DE and HPDC information and notification. Please go to <http://www.pca.org/zone2> to register on line, to download training materials or to check your registration status. Registration will be limited with preference to the least experienced drivers. Maximum 1 driver per car per day. Use only one form per driver per event. Registration will be accepted on a first come, first serve basis. Confirmation will be pro-

vided a minimum of 2 weeks in advance of the event. Refunds will be provided if notification of cancellation is received 2 weeks prior to the event OR if a canceled reservation can be filled from a waiting list. There is no registration at the event.

2. Mail registration with check payable to "PCA Zone 2", c/o Lynn Eckels, 10315 Waverly Woods Drive, Ellicott City, MD 21042.

**Wanted** - 993, Speed Yellow, 6 speed or TIP, CD, AC, sunroof, very good to excellent condition, low to medium miles. Must have all service records and ownership history. I do not want a cab, S or C4. I would like to trade a '87

## Kafka *continued from page 6*

The "Kafka Library" includes more than 1,000 volumes of books, magazines, almanacs and anthologies that Franz Kafka (who was born in Prague on July 3rd, 1883 and died near Vienna on June 3rd, 1924) either owned himself, was proved to have read or given away. The collection which Porsche AG acquired and sent to Prague at the end of February is worth around 130,000 euro and includes first editions and first prints of other works by the author, plus a selection of the most important writings illuminating Kafka and his times.

Porsche decided to commit itself to the Kafka project after it had collaborated with the School of Engineering at the Prague Technical University in founding "Porsche Engineering Services s.r.o. (PES), Prague". This gesture by Porsche is not only an expression of the company's aim of promoting even closer economic and scientific ties between Germany and the Czech Republic, it is also intended to provide the impetus for a more intensive intercultural exchange between the two nations.

During Kafka's time, the German language in Prague flourished like never before - one more reason for Porsche to get involved within this context. The sports car manufacturer is already supporting a multimedia language instruction program in collaboration with the Goethe Institute Inter Naciones in order to promote German as a foreign language around the world.

Local cultural involvement has long been a tradition with Porsche: in the spring of 2001, the company had contributed around 1.8 million euro for restoring the Ladegast organ in St. Nikolai's Church in Leipzig. The Porsche Cayenne will roll off the assembly line at the new Porsche plant in the autumn.

911 in good condition if possible but not imperative. Contact: John Panizza, 468 Wharton Road, Exton, PA 19341; 610 363-6003 x125, 610 563-0209 or jpanizza@genterra.net. 7

Der Gasser is published with the intention of being in members' hands one week before that month's membership meeting. Editorial policy is to print as much locally produced material as possible. If we don't get it into this month's issue, we will try next month or the month after. Please include a SASE if return is required. All material for print should be received by the Editor by the first of the month it is to appear. Copy material in electronic format is **required** although photos may be sent for scanning.

**Address changes** should be sent to both the Membership Chair & National. If you are having problems receiving der Gasser contact the membership Chairperson.

**Classified ads** are free to PCA members and are printed on a space available basis. Ads may be mailed, e-mailed, or faxed to the Editor, are limited to auto-related items, and are subject to editing. Pictures of items may also be printed. Please send with e-mail or via U.S. Postal Service. Contact Editor for Commercial Advertising Rates. Editorial contributions and pictures are welcomed.

*der Gasser* is the official monthly publication of Riesentöter Region, Porsche Club of America. Ideas, opinions, suggestions, etc. are of the authors.

Visit the Riesentöter web page at [www.rtr-pca.org](http://www.rtr-pca.org)

her "new" Carrera...Look Ma – No Hands Award – to Dave Shenk. Seems like he drove his best lines when he only worked the pedals...At least he doesn't have to wear a cast with THIS fracture – condolences to Scooter Grimes on his latest mishap. The good news is that the cracked header is on his car, rather than on him...Cool Running WG style – No, Bruce Brodowski isn't training for the US bobsled team. Turns out his car was having a minor ignition problem – hence his spirited sprint, hands on the rear bumper as Maribeth steered and then popped the clutch...Cool Running, Part 2 – Gordon Nagle knows how to combat the high temps experienced over the weekend – with a water-cooled shirt. Consisting of a series of tubes affixed to a shirt, cold water is circulated via a bilge pump through the tubes, thus cooling the skin. Oh yeah, and if he gets thirsty, he has a water bottle hookup that feeds water through his helmet...Hmmm – was that 2 to the left

– or 3 to the right? The "smilin' and dialin'" award to Terry "Fingers" Lefco as he explored the various settings on his new adjustable swaybars...Engaged Gear(heads) – congrats to Colin Dougherty and Christine Perot on their recent engagement. They're currently reviewing track schedules to squeeze in a wedding in May '03... "I'll see your Exxon Valdez Spill and raise you" – in the contest to see whose oil spill would require the most Kitty Litter, it's too close to call between Rick Landis' 280Z, Jim Zelinskie's 930, and Ken Nielsen's Boxster S...Thanks to Skip Chalfont for the 2 most FAQ's from people unfamiliar with DE – 1. How fast did you go? 2. Did you win?... "It ain't the arrows – it's the Indian" Part 1 – thanks to John Phillips in his 1979 SC for a demo of what a 24 year old car can do on the track against much more modern machinery... "It ain't the arrows" – Part 2 – it took a while for some drivers in the Green Group to learn the difference between a fast car and a fast driver.

Just because you have one doesn't make you the other... "When the Indian HAS the arrows" – thanks to Brian Smith for a glimpse (and that's about all it was) of what it's like to run with the "big dogs". I checked my mirror and saw him about 8 car lengths back; checked my mirror about 3 seconds later and saw his face pressing against my back window; discombobulated, I blew my apex, and then gave him a pass signal which I was later told looked like it was in slow motion... What's that pushing I feel from the rear? – Relax, Len Mancini, former 944 turbo driver; 911 turbos are like that... The Cecil B. deMille Cast of Thousands Dining Award – to Mark Reynolds, who took the initiative to first make reservations for 40 people at the Seneca Harbor Station Restaurant Friday evening, and then went around to see if anyone was interested in having dinner there. The result – 3 long tables of over 50 people...
