## President's Message

Riesentoter Region, Porsche Club of America managed to pull off the coup of the century in the Porsche Club. The 1<sup>st</sup> ever Porsche Club Race at Watkins Glen! It was a long and 'interesting' few months but in the end it was worth the effort. Our region is literally the talk of the country. We had drivers from as far as Seattle Washington, California, and Texas and as close as Binghamton, NY. The effort put out by everyone paid off in spades. The list of those that need be thanked is endless.

I could start with Craig because without his (and of course Vision's) support for the club, the time I had to put in would not have happened and things would not have gone as well. But then, right up on top as well is Mike Andrews and the merry Driver's Ed crew for sharing the track and putting in tons of effort, John Chatley for being the Event Chair, my spousal unit, Vicki, for endless hours of registration (and putting up with me). And of course, there are the 300 drivers. Most everyone acted much like one would expect an adult in a club to act. And scads of others.

So many people chipped in and did whatever had to be done. They would come up and just ask to help out. It was wonderful. And best of all, the most serious injury reported to me was none other than John "Let me jam a radio under my bike brake lever and end up doing a header and getting a knot the size of a golf ball on my forehead" Chatley. Next years event will be better so stay tuned.

On a side note, Ms Vicki tends to spend her birthday at Porsche driving events. Just works out that way. Some highlights being the trip to

Monterey for the 50<sup>th</sup>, and 200 racers singing happy birthday to her at a Pocono club race. Well this year we were a little early so to keep things going I got her an early birthday present, a 5 point harness for her daily driver. Colin Dougherty and I spent the Saturday prior to the event putting in the Bray Kraus harness bar and other mounting pieces then took it apart to surprise her at the Glen. Well, she was surprised. Oh, did I mention the belts are purple?? Before you retch, they actually look pretty neat with the Arena Red/Tan combo. Saturday Colin took her out (you really don't think she would ride with me, do you?) and after 15+ years of helping but not entering driving events, we may have finally hooked her. Look out.

As I write this, 50+ people have signed up for the picnic. I hope to see even more. Perhaps this all-inclusive method may work out.

Don't forget, elections are coming up soon so now is the time to

dethrone me. Interested in one of the positions? Let an Exec member know. We are always looking for new blood.

Did I mention the race was a success? Sorry, still basking. I've been after the Glen for 5 years for this race and when they finally said yes. As Mike Murphy told Joyce when he got home, "I'm so proud of this region". He pretty well summed it up.

How many went to New Hope? This show is older than dirt, low key, draws some great cars, and a wonderful way to spend a weekend. Perhaps we should start an official event there. Sound interesting? And while on that venue, don't forget the Radnor Hunt Concours – and Rally. As well as the Bryn Mawr car show.

Oh, before I forget, we had a race... ok, ok, you can read the article.

Think Porsche and I'll see you at the next event.

Bill

## Club Meeting Info

The rain fell hard for July's membership meeting at CJ's Tire in Birdsboro, as it did on last month's meet at CJ's new Kimberton location. That did not keep the hard core RTR members from showing up for an informative meeting provided by owner Skip Levingood. As always, members socialized while enjoying

good food and cold beverages. Members also saw the latest in tire and wheel technology, as well as other unique car accessories not found at Pep Boys.

As the meeting drew toward 8 pm, the Exec members took the stand to make everyone aware of the club's present status. Bill O'Connell, President, and Mike Andrews, in charge of Track Events, talked at length about the upcoming race at the Glen. Riesentöter will host the first Porsche Club Race at Watkins Glen which will be the start of a yearly tradition. Manny Alban, our Zone 2 rep from the Chesapeake region, was on hand to lend support with any needs possible.

After a brief time talking to members I turned the meeting over to CJ's Manager Joe Specht. Joe elaborated on the main topic of this meeting: a new line of racing tires coming out by Michelin. On hand to provide this important information was Michelin Event Marketing Manager Ron Wood of South Carolina. Ron is one of three (that's right 3!) people in the world who test drive new Porsches being launched. He and his team travel the world testing tire designs with the many race teams using the Michelin brand. He elaborated on the new Michelin Pilot Sport Cup race tire due out soon. The DOT approved race tire is asymmetrical which can maintain temperature and wear helping in consistent lap times. Ron is also a P.C.A. member involved in club racing who claims to have the right combo of tires and proper pressure. He would not share his own secrets but did help many members looking for the perfect set up. This meeting seemed to help many and was by far the best one for tire information by a factory rep. A big thanks to Michelin's own Ron Wood who made a special trip up for Riesentöter. Also, many thanks again to Skip and staff in making this yearly trek well worth our time.

Next month is RaceCars at Rosen's. This yearly event in Conshohocken brings out a unique blend of fine Porsche racecars as well as vintage models. This is one of the bigger meetings and is always well attended. Come out early and enjoy the food, friends and fine auto's Don Rosen has available as well as the Riesentöter race cars. For directions telephone 610-279-4100.

See you at Rosen's if not the Glen.

David Man  
Steven Maslow  
Bill and Ginger Miller  
Lee Miller  
John Morganheira  
Howard and Joanne Rosenbloom  
Tony Salloum  
Ilene and Lewis Silver  
Abbott Thompson

Congratulations to all of you and thanks for showing continued support for your Club.

## Mary Alice Angelisanti

It is with great sadness that I write this. Mary Alice died August 8th after a long bout with cancer. She was a long time, very active Riesentöter member and will be greatly missed. Her enthusiasm was boundless and her warmth was legendary. Everyone who knew her will miss her charming smile and the ever present twinkle in her eye. I last saw her about two weeks ago and even with her failing health she was chipper and upbeat, nothing less would have been expected from her. Our collective hearts go out to her husband, Dennis, and her son, Dennis Jr., as well as the other members of the family.

In lieu of flowers, Mary Alice requested donations be made to:

## Fourth Annual Radnor Hunt Rally & Concours

The 2000 Radnor Hunt Rally and invitational Concours d'Elegance will be held September 16 & 17. The rally on Saturday will take participants through some of the most attractive parts of southern Chester County. Anyone may just show up at

10:00 and there are no restrictions on allowable cars, however these will be Porsche driving roads. The Saturday evening's events will begin with a cocktail party on the terrace of Radnor Hunt where an outstanding exhibition of automotive related artwork will be featured. A formal dinner will follow in the Hunt's main ballroom. The price for the cocktail reception and dinner will be \$75 per guest.

One special feature of the Concours on Sunday is that all participating cars are by invitation only and are arranged so that each car may be easily seen and photographed. This year's entries of Grand Classics are even more numerous and fabulous than the incredible displays of the past three years. DuPont is the featured marque to celebrate the 200<sup>th</sup> anniversary of the DuPont family's arrival in the US, and there will also be special displays of rare British sports cars such as Invicta, Riley, AC, HRG, and many early Bentleys. Another very rare car of interest that is expected is an early 901 prototype of the 911. While the Concours will be open to spectators at 10:00 for a \$10 admission, pre-registered participants should arrive by 9:00 or earlier. A panel of judges will begin observing and evaluating the cars at 12:00. A buffet luncheon will be served in the clubhouse for a charge of \$20 or other food will be available on the grounds. All profits from admissions, sponsors, and meals will be for the benefit of The Leukemia Society of America and the Willistown Conservation Trust. Trophies will be awarded at 3:00.

All inquiries about the two days of activities should be addressed to event Chairman (Riesentöter's own) Mike Tillson at 215-473-6400, or to Tobey Ross at 610-688-4043.

## Bottom Feeder Heaven

by Randy Cohen

Its been a while since most of you have heard from me, the first part of the summer nothing interesting happened, then too much happened. For those of you who care, here is how I spent my summer:

- 1.) Der Pischer got rear ended.
- 2.) Did the Snidely Whiplash thing at Pocono.
- 3.) The body shop would not guarantee the insurance check would fix the car (don't get me started!)
- 4.) A friend offered me a killer deal on a 914 with a dropped valve.
- 5.) I sold Der Pischer.
- 6.) Bought the 914.
- 7.) Fixed the 914.
- 8.) Bought another bottom feeder Porsche.

All of this happened in a 6 week period, so you can see life has been fun. Being a true bottom feeder, I am not happy unless something needs to be done on the car. Aside from cleaning idle jets and wiping up oil stains on the garage floor, Der Pischer was getting downright boring. The taste of track events unleashed a demon I thought had been exorcised by driving a 98 HP weakling for 2 years. I, Randy Cohen, am a speed freak. Not speed like the pills or powder, only the adrenaline rush of driving at the limit could calm this jones.

Since my automotive equilibrium had been upset, I decided to turn it upside down. The need for a track fix overwhelmed me and my aura needed adjusting. I swore off 914s, but here I am with one again. The first night with my latest one reminded me why. A strange thing happened the second night. Working on the car was FUN! By the end of the week the sucker was back together and ran like a champ. Aside from the massive oil leak from the trans. Four hours later the seal was replaced (moral of this story is check the seal ID, don't just put the sucker in) and the leak was gone. The car is a real sweetheart, less rust than most and real low mileage. I bought a set of track wheels and R1s, ready for Sunday autocrossing and the fall drivers ed at Pocono. Change felt good and my aura seemed to like underpowered spin happy toys.

Or maybe it was just the change. Something new in the garage to mess with. If Life was good with one new project in the garage, it should be better with two, right? Time to find another project. What is it? Stay tuned or drop by, time to go back to the garage and enjoy.

Finally, a breath of fresh air...

# What a Weekend !

**Watkins Glen**  
NEW YORK'S  
*Thunder Road*

By Bill O'Connell (Photos by Doug Mahoney)

Riesentötter is in the record books. We are the region that held the first PCA Club Race at Watkins Glen! Arguably the best racetrack in North America, The Glen has history galore. Everything from Formula 1, to IMSA, to SCCA (pro and amateur), to club events have been run there. The one thing missing in many eyes was a Porsche Club Race. It's no longer missing.

The folks at the Glen had been somewhat reluctant to let us there because of the feeling the race series was not mature enough for a track that is very long, high speed, and can be somewhat unforgiving. After years and years of talking to them, about 3 months ago they finally decided we had proved ourselves at enough other tracks and were willing to give us a chance. Their first approval was to Pete Tremper, the Zone 1 representative. He had two choices, run it over the 4th of July weekend, or with a Drivers Ed (DE) weekend. Neither one would work as it turned out. Pete then found out that I was also talking to them about a race and they were treating us as one, that is, PCA is PCA. He called and we started working on a plan. The 4th was out due to the Parade and a race at Ginghamman. The DE combination was out because Zone 1 does not want to do that. Well, after much debate and a few false starts we decided to run with it since at least some of us were comfortable we could do a dual event. From the beginning it was determined that the DE portion would not be considered a support venue, that is, they would be treated as equals. Granted there was some concern that it would be more of a problem than a benefit but in the end it worked out just fine. We are the talk of the nation! We had entries from Washington state, California, Texas, Canada, and as close as Binghamton NY.

Timing, as they say, is everything. This event was no exception. There was no spare time from the onset until the checkered flag flew Sunday night. Without the help and support of everyone from DE, race, national, the Glen, and the drivers it never would have worked as well as it did.

On Sunday when the green flag dropped, the smiles and hoots told me the effort was worth it. For someone that has been going to the Glen since I returned to the states in the last 60s, and has attended some pretty interesting races, I was ecstatic. To watch a field of Porsches, some with friends at the helms, was a wonderful sight. One regret? That I had decided to leave my license in my wallet and not partake in this historic event. We will be at the Glen again but there will not be another 1st event. I'm told my organization skills far exceed my driving skills so perhaps I chose the correct path. Sigh. When the checkered flag fell for the last race on Sunday everyone just sort of looked around and smiled, then the cheers broke out. We had done the impossible.

At every club race there is a universal award. Everyone that enters gets the same thing with perhaps a ribbon to identify the class ranking. This is done to promote fellowship and downplay the win-at-all-expense mentality. RTR member Gordon Nagle came up with the award that everyone received, a picture of their car on the track taken during the weekend by RTR's own, Rick Newman. It was very well received. As a side benefit Mike Andrews decided to have one made for the DE people as well. It was a souvenir of this historic event and a thank you for their participation and assistance.

I could go on and on about this but I'll let you off the hook. Start planning your vacation for next year now. We are going back to the Glen.

## Homecomings Driver's Ed at Summit Point

by Nick Hatalski, Past President RTR

I've read a few articles about a student's first Driver's Ed experience so I thought that it was time to put ink to paper and share my story. I guess it all started with my first RTR membership meeting when I was asked what club activities I was interested in. My response was, "Driver's Education. To learn the handling characteristics of my car".

On my drive home from the meeting I fantasized about driving my 911 120 miles per hour on a professional racetrack. The next day at work I got a telephone call from Track Chairman, Mike Andrews, to tell me there were openings at the upcoming Summit Point Event. A bit apprehensive, I confessed that I've never done this before and didn't know where to start. Mike arranged for me to borrow a helmet and as he explained the logistics of the event, a registration form, tech form, directions to the track and a list of inspection facilities spewed out of my fax machine. I couldn't believe how helpful Mike was and realized that I now had no excuse to procrastinate.

The following week I packed my bags and headed to West Virginia. Pulling into the hotel parking lot I drove past a half dozen trailers hauling Porsche racecars. Intimidation set in and I immediately had second thoughts. Humbly, I parked my car in the far corner of the lot and gazed at the racecars on the way to my hotel room. All

night I tossed and turned debating if I made the right decision.

The next morning at the track I was relieved to learn that drivers with comparable experience went out on the track together. I'd drive with other beginners and the race cars belonged to our driving instructors.

My instructor was Miriam "Grey Wolf" Schottland from the Potomac Region. Miriam considered Summit Point her home track and was featured in a Pano April 1997 article entitled "In the Other Seat". A *newbie* without a clue I tested her patience as she taught me the *line* around the track. I quickly realized that Driver's Ed is not about driving fast but is a means to develop consistency, safety techniques, and car control. After my first run group I was hooked and had a new favorite hobby.

Well, this all took place in September of 1995. Since then I've become a junky who has spent 73 days on tracks from Sebring, Florida to New Hampshire International Speedway. I've always been amazed at the quality of our driving program and prefer it to professional driving schools with entry fees eight times higher!

Over the years I've honed my skills and made plenty of friends who shared my passion. This summer I was fortunate enough to join Riesentöter at Summit Point but this time as an instructor. It was my first time back since my event with Miriam. This time I watched the excitement on the face of each of my students *in the other seat* and reflected back to my first unfor-

gettable experience. If you've never tried Driver's Ed, do yourself a favor, words can not do it justice.

### Tops for Targa Owners Only

# Riesentöter PCA Driver Education

## Application Form for 2000

Event		Student	Instructor
Pocono East Course	May 26		\$85
Pocono North Course	May 27, 28	\$170	\$85
* Jefferson Circuit	June 24,25	\$180	\$90
Summit Point	June 26	\$90	\$50
** Watkins Glen	August 4, 5, 6	\$260	\$130
Pocono South Course	September 29		\$85
Pocono North Course	September 30, Oct 1	\$170	\$85

Please circle the event you wish to enter.  
A separate form is required for each event. Please print.

\* Special for Jefferson Circuit. With your registration at normal price, register your spouse or significant other at half price. As we did last year, there will be a ladies only run group.

\*\* Registration to the Glen event includes dinner on Saturday night, however seating is limited to 160. Extra dinner tickets are available at \$40 each. The first 160 requests will get seating.

**REQUIREMENTS:** You must be at least 18 years of age, have a valid driver's license, use a Snell 90 or 95 rated helmet, and have car tech inspected (see below).

**ENTRY DATE:** All events are open now. If you register w/i 14 days of an event, add \$20 for late processing.

**SEND TO:** Don Baumann 2340 Valley Hill Rd Malvern PA, 19355 (610-647-3339)  
dobquaker@aol.com.

**REFUNDS:** Refundable if WRITTEN NOTIFICATION is received two weeks prior to the event.

**TECH INSPECTION:** Your car must be inspected no more than two weeks prior to the event by an approved tech inspection facility.

### *The Fine Print*

**Address changes** should be sent to both the Membership Chair and National. **Classified ads** are free to PCA members and are printed on a space available basis with preference given to RTR members. Non-members may place ads for \$10 per month (checks payable to RTR/PCA and submitted with the ad). Ads may be mailed, e-mailed, or faxed to the Editor, are limited to auto-related items and are subject to editing for space consideration/content. The Editor reserves the right to reject any ad.

**Commercial Advertising Rates** and general information are available from the Editor. **Editorial Contributions and Pictures** are welcomed and encouraged. Editorial policy is to print as many locally written articles as possible with as little editorial change as possible. Also, as many locally produced pictures will be published as possible. If we don't get it into this month's issue, we will try next month or the month after. Space is always an issue. All material, including advertising, should be received by the Editor at the above address by the 26th day of the month before it is to appear. Material in electronic format is preferred.

*der Gasser* is the official monthly publication of Riesentöter Region, Porsche Club of America.

*Ideas, opinions, suggestions, etc. are those of the authors.*
