PRESIDENT'S MESSAGE

Things have been rather quiet in Riesentöter Region during the months of December and January. This is always the case, as we schedule no activities that will conflict with the holiday season or require us to take our cars out in rain and bad weather. It also gives us time to review the past year and think about some of the things we might do to make the new year an even better one. The Executive Committee is formulating plans for 1975 right now, in case anyone would like to give us some of their ideas.

There are several excellent activities coming up soon. Following our January 29 meeting, which will be a free beer party at The Sweet Clover, we'll get together at Algar Porsche-Audi on Saturday, Feb. 8 for our first work/tech session of 1975. Similar sessions will be held throughout the year at other locations. On Saturday, Feb. 22, we'll set out for the Poconos to try our hand at skiing. This was a great day last year and should be every bit as much fun this time. Steve Freda is putting together a good program for the day and you can read about it elsewhere in this issue. We hope to see a lot of you there.

I've just been notified that Riesentöter Region will soon receive a check for \$567 as our share of the Pocono Parade profits. This will be a real wind-fall and will help put the region on a sound footing financially--something we're not accustomed to. Should we invest the money in gold bullion and have Bob Parker carry it around with him for safekeeping? At today's price of gold, we can afford to buy about 3.3 ounces. Of course we don't want to upset the world gold market, so we won't buy it all at one time.

Something else that will be of interest to you is that we have a new Zone 2 Rep. He's Steve Chronister, a former president of the Central Pennsylvania Region. We hope to see Steve at some of our activities during the year. I've already corresponded with him about this and we're looking forward to meeting him.

Approximately 100 miles, first car off at 6:01 PM. Contact rallyemaster Matt Reyne, 963 Rahway Drive, Newark, Delaware 19711. Good practice for Rose Tree's All Night Rallye.

PRESIDENT'S MESSAGE (continued)

Just one last word, if you haven't already heard. The results of the election for national officers are in and two people who have shown a lot of interest in our region failed in their bids for national office. Over 3200 votes were cast nationally, and Dennis Thovson and Bob Rassa lost by margins of just 128 and 87 votes respectively. Those who won, of course, are highly qualified and will do a good job, but it would have been nice if we had at least supported those who have supported us, win or lose. Instead, only 75 votes were received from Riesenötter's large membership (Active and Family-Active members were counted as two separate voters). I am certain that our region had a higher percentage of voters than many other regions throughout the country, but we did not do enough. Please give this some thought and consider what an important role each and every one of you can play, not only at the local level, but at the national level as well. Your participation makes a big difference. Try it and you'll see.

MID-WINTER

TECH SESSION

Saturday, February 8, 1975 9:00 AM at
ALGAR PORSCHE+AUDI
1234 Lancaster Ave.
Rosemont, Pa. 19010

ALGAR PORSCHE+AUDI has again invited all members of Riesentöter Region to their service facility. Bring your Porsche and do some mid-winter maintenance in ALGAR'S warm, well-equipped shop. The parts department will be open and skilled mechanics will be there to assist you. Instruction on some routine, yet important, maintenance procedures will enable you to "do it yourself" later on.

The session is free of charge (except for parts, of course) and refreshments will be served. Come on out to the first tech session of the new year!

PAGE 13

Happy New Year! The new year brings many things to us, including new Riesentöter officers. This is my first newsletter, and I hope you like the new format. Following Vern Lyle should prove no easy task, as he always put so much into Der Gasser while he was editor. I hope to keep up his tradition.

The new format, 16 pages and under an ounce, would not be financially possible, of course, without the support of our advertisers. For this reason, I am dedicating this month's feature article (pages 8 & 9) to them. A feature article of two pages will appear every month, and will cover a variety of topics throughout the year.

Remember, Der Gasser is your newsletter, a two-way means of communication. If you have anything to say or contribute, please don't hesitate to do so.

Auf Wiedersehen!
