(Note: somehow, in assembling the September issue, Jess Holshouser's article was mislaid and not included: the following is a summary of information Jess made available at the last meeting. Sorry, Jess!)

On back-to-back weekends we ran Pagoda August 20-21 and Rose Valley August 27-28. Our full team turned out for Pagoda, but only two made it to Rose Valley.

Duryea Sports Car Club did their usual excellent job in running Pagoda at Reading. Competition was intense in Mod 2. Dennis Frick of the Central Pa. PCA took first in his Porsche-powered Royale sports racer, followed by his co-driver and co-owner Eric Wagner. Third went to an IMSA Mazda RX-3 that had to be the noisiest-car-of-the-day: it was loud. In mentioning this to Walt Bohren, who also runs an RX-3 in IMSA, he said "mine is even louder." --Pass the earplugs-- Dave and Al Derecola took 4th and 5th respectively.

In EP 2 Lorne Fritz's TR-3, as seems to be a habit, took first. He was followed by Dick Sweigart and Jess Holshouser, who took 2nd and 3rd respectively. One TR-4 sandwiched in ahead of our club's Carl Ulrich, then one TR-4, and then Connie Sweigart.

At Rose Valley (Trout Run, Pa.), Saturday practice was delayed by what must be a first in reasons for delay: a black bear on the course! I wonder what the corner worker was thinking when he reported it. The bear probably didn't like all the noise and was trying to beat a retreat.

Rose Valley tried a procedure used in the early days of hillclimbing -- a one day hill-

climb: practice Saturday, run Sunday. On both days the temperature was in the 90's with high humidity and bugs. It reminded us of Giants in July. In EP 2 Jess Holshouser finished 4th, followed by Carl Ulrich in 5th. Dennis Frick in the Royale took FTD. Congratulations, Dennis.

Arrangements have been made to run an event at York dragway, about four miles west of York on Route 30. This Solo I course will consist of the dragway and return roads. The owner is making a number of improvements for us and intends to make additional improvements over the winter pursuant to a request for a road racing sanction. Imagine that---road racing close to home!

One further development: plans are under way for road racing in the streets of Asbury Park!

JESS HOLSHOUSER

WHAT DO YOU WANT FROM RIESENTOTER;

HOW DO YOU GET IT?

Taking the easy part first, there are several ways to get it: improve communication with your officers; become more active at the events; volunteer your services to special committees, thus assuming some responsibility for initiating, organizing and/or implementing creative ideas; utilize the annual election mechanism to affect beneficial changes in the Club's formal organization.

A number of members have been doing the above for some time; several new faces have emerged as well, which is encouraging. However, in

REMEMBER THE BANQUET

Be sure to save December 3 for a great time at the Annual Riesentöter Banquet. We return to the William Penn Inn, Gwynedd, Pa. for what should be a memorable event.

SPECIAL: a final drawing will be held to determine the winner of a super-special Grand Prize. This is in addition to extravagant door prizes, delectable food, sensational music, and great company. More information will be available soon.

Hit the Road... Porsche, Audi or Volkswagen

Remember the way it used to be?
You'd buy a car because you really loved to
drive. Your machine had a little better perform-
ance than your neighbor's car. It was a pleasure to
hit the throttle and get moving. And Handle? How
often did you take that back-road turn a wee bit faster
than normal just to feel the response as you cranked the
steering wheel over hard left? Yes, those were the days.
And those still ARE the days!

If you're tired of dragging that gas guzzler down the highway,
come into Holbert's and test drive a Volkswagen, Porsche or Audi.
We think you'll be pleasantly surprised to find performance, fuel
economy and creature comfort all wrapped into our superbly engi-
neered motor cars.

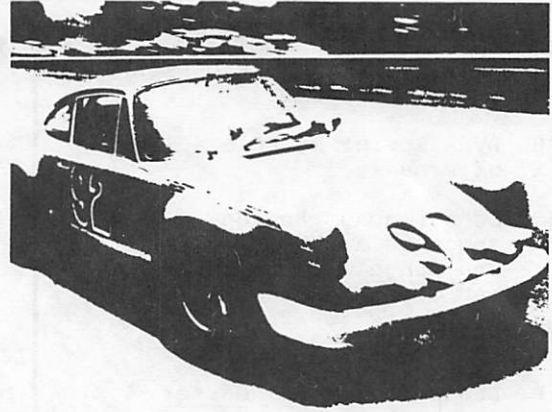

THE OPEN ROAD . . . IT STILL BECKONS.
And at Holbert's . . . We'll put some fun back into your driving.

is there for break-even.

As you can see from the financial statement elsewhere in this issue, conservative management has resulted in a relatively sound pre-Banquet balance. A reasonable attendance at the Banquet could maintain our strength, allowing some flexibility (risk-wise) in planning programs for next year.

Regardless of the bank balance, we need to know how we're doing, positive and negative, in devising programs for the Club: absence of feedback makes it difficult to exchange "acceptable" programs into exceptional ones.

Most of the members who attend meetings regularly seem interested in sprints, hillclimbing, technical matters, or restoration/concours aspects of the Porsche. What about the members who have other interests? They may well make up a large portion of the nonattending group, and they deserve to be heard. One member last month mentioned the need to convey more basic information which will enhance

enjoyment of the Porsche even to one who is noncompetitive/nontechnical/nonconcours: he has a valid point, and his suggestions are being pursued. Had he not voiced his opinion (which seemed to run contrary to a few other members present), little change could be expected.

Since we cannot all attend the meetings regularly, perhaps Der Gasser could become more

involved in the exchange of ideas among members and officers. I welcome your suggestions, either for publication or for passing on to those who can best respond. All of the officers would appreciate your input, regardless of the mechanism.

That is how you get it. The question still remains: What do you want from Riesentöter?
